

## FAIRSING VINEYARD 2021 FAIRSING VINEYARD PINOT NOIR

### VINTAGE

*The 2021 growing season was 8% warmer than normal, however temperatures in the critical months of fruit development and ripening were normal to slightly below average.*

*Although the Willamette Valley experienced record-breaking heat in late June, we received rain just prior to the heat event which hydrated the vines and prevented damage.*

*Budbreak occurred in the third week of April and bloom began on June 4. Veraison was observed on August 12 with harvest for our Pinot noir program September 14.*

*After 100 days of drought, a welcome and rejuvenating rain arrived September 18, one day after harvest of the full vineyard was complete.*

*This combination of Pommard, Dijon 114, Dijon 115, and Wadenswil selections barrel fermented in French oak sourced from a variety of coopers with an emphasis on the Tronçais and Allier forests.*

*Total elevage was of ten months in 20% new French oak to an alcohol of 13.4%.*
