VINTAGE

The 2021 growing season was 8% warmer than normal, however temperatures in the critical months of fruit development and ripening were normal to slightly below average.

Although the Willamette Valley experienced record-breaking heat in late June, we received rain just prior to the heat event which hydrated the vines and prevented damage.

Budbreak occurred in the third week of April and bloom began on June 4. Veraison was observed on August 12 with harvest for our Fáinne Pinot noir on September 14.

After 100 days of drought, a welcome and rejuvenating rain arrived September 18, one day after harvest of the full vineyard was complete.

Total elevage for this combination of Pommard, Wadensvil, Dijon 115, and Dijon 114 was ten months in 40% new French oak to an alcohol of 13.3%.

WINEMAKER

With over 40 years of viticulture and winemaking knowledge, Robert Brittan's extensive experience ensures Fairsing Vineyard wines reflect the abundant beauty and complexity of the estate.

VINEYARD
